Instructions to the client

This information sheet outlines the status of the immigration health examinations that you have undertaken at an eMedical clinic.

Note: the status of an individual examination will not appear as "Complete" in the Exam list below until your case has been submitted to Immigration, Refugees and Citizenship Canada (IRCC). This may not occur until all results are finalised after you have left the clinic.

Your health case will be submitted to IRCC for processing once all your health examinations are completed. If you are required to complete further health examinations, you will be notified by IRCC once your case has been assessed. For further information on IRCC's health assessment process, please see: http://www.cic.gc.ca

Note:

- **Once a panel clinic has submitted your health examination results to IRCC**, any further queries about your visa application and/or your health examination results should be directed to your visa officer. Staff at a panel clinic will **not** be able to help you with these queries.
- **If you have not yet lodged a visa application**, you must provide the health identifier on the top of this letter (i.e. UMI, UCI, IME) to IRCC. Please make sure that you attach this letter to your visa application before submitting the form to IRCC. This will facilitate processing of your visa application.

Health Case Status

This health case has not yet been submitted to IRCC. The status of the individual examinations is listed below.

Examinations required for this visa application
